

Midway City Council
15 January 2019
Work Meeting

Open Space Consultant

Memo

Date: 9 January 2019
To: Mayor, City Council and Staff
Cc: File
From: Brad Wilson, City Recorder/Financial Officer
RE: Open Space Consultant

It has been suggested that Midway City hire a consultant to assist it in the preservation of open space. Several organizations, like Utah Open Lands and the Summit Land Conservancy, have many years of experience with open space preservation. They understand the applicable laws, what works and what does not, what additional preservation funds are available, etc.

Hiring a consultant will be discussed at the council work meeting on 15 January 2019. If the Council agrees to the suggestion, then a request for proposals (RFP) would be issued.

Please contact me if you have any questions.
