Regular Meeting

Ordinance 2020-08 /  
Midway Crest Annexation

## CITY COUNCIL MEETING STAFF REPORT

**DATE OF MEETING:** March 17, 2020

**NAME OF PROJECT:** Midway Crest Annexation

**NAME OF APPLICANT:** Brad Pelo, Benevolence LLC

**AGENDA ITEM:** Annexation

**ACRES:** 24.16 acres

**LOCATION OF ITEM:** 600 South Fox Den Road

**PROPOSED ZONING:** RA-1-43

### **ITEM: 6**

Brad Pelo is petitioning for annexation of the Midway Crest subdivision which contains five lots on 24.16 acres. The property is located south of the Fox Pointe subdivision and is accessed from Fox Den Road. The proposed zoning for the property is RA-1-43 (rural-agricultural 1 acre).

### **BACKGROUND:**

Brad Pelo has petitioned the City to annex 24.16 acres that will be zoned RA-1-43 if approved by the City Council. Currently the property is in the County and is zoned RA-1. The area does fall within Midway's annexation declaration area so the property can be annexed but the City is under no obligation to annex the property. The Municipal Code does require that numerous issues are analyzed and evaluated before the City considers approving an annexation. Currently the City boundary runs along the north side of the proposed annexation property area.

The annexation contains 1 parcel which is owned by the petitioner.

<u>Property Owner</u>	<u>Tax ID#</u>	<u>Signed Petition</u>	<u>Acres</u>	<u>Taxable Value</u>
Benevolence LLC	OWC-1108-3	Yes	24.16	\$490,610

The petition does comply with State Code that requires the owners of most of the land sign the petition and that the signers also own at least 1/3 of the taxable value of land in the annexation area. State Code also requires a survey of the area which has been completed. There are other requirements listed in State Code and all seem to be met.

Annexations fall under the category of a legislative action. Therefore, the City Council has broad discretion regarding the petition. It can be approved or denied based on the discretion of the Council members. There is no obligation by the City to annex the property. If the Council feels that the area will contribute to the community and will help promote the goals and policies of the General Plan, then the annexation should be considered. The City Council may consider any issue, included in the staff report or not, as a discussion item. Also, the City may require items from the petitioner that normally would not be allowed if a developer's property was already located and zoned in the City. In the past, petitioners of annexations have donated to the parks fund as part of their annexations. Since the action is legislative it is not bound to the same rules that an administrative process is bound to.

The City has entered into an agreement to provide culinary water (see attached) if certain conditions are met. Some of the main provisions of the agreement include limiting the density on the property to five lots and five dwellings, deed restrictions for each lot limiting further subdividing, a public trail easement and construction of the trail, and the requirement that the developer pay \$900 per lot (\$4,500 total) as park fee among other requirements.

This item has been noticed in the local newspaper for two weeks and on the State's website for the Planning Commission meeting. Public notices have also been posted in three public locations in Midway advertising the meeting and agenda.

**ANALYSIS:**

The comments in italicized represent Planning Staff's comments pertaining to compliance or lack of compliance with the findings the Planning Commission must make in considering this request. Section 9.05.020 requires specifically the Staff address the following issues:

- A. The ability to meet the general annexation requirements set forth in this Title; *Planning staff believes that the proposal does comply with the general requirements of this Title.*
- B. An accurate map of the proposed annexation area showing the boundaries and property ownership within the area, the topography of the area and major natural

- features, e.g. drainage, channels, streams, wooded areas, areas of high water table, very steep slopes, sensitive ridgeline areas, wildfire/wild land interface areas, and other environmentally sensitive lands: *The proposed annexation concept plan has been submitted and is attached to this report. The property does contain some sensitive lands in the form of slopes greater than 25%. Areas of slopes greater than 25% cannot contain dwellings.*
- C. Identification of current and potential population of the area and the current residential densities: *Currently there are no homes in the annexation area. The development potential of the area is five dwellings. The average number of people per dwelling in Midway is 2.9 which would increase Midway's population by about 15 people based on the average.*
- D. Land uses presently existing and those proposed: *Currently the land in the area is being used for agricultural purposes. A minor portion of the property has been irrigated over the past several years. The proposed land uses include residential development and a limited area of agriculture.*
- E. Character and development of adjacent properties and neighborhoods: *The properties surround the annexation are predominantly being used for agriculture. There are several scattered homes surrounding the annexation. The area has a rural feel. Heber Valley Special Service District also owns a large amount of property to the east which is the site of the sewer treatment plant. A note is required on the subdivision plat advising that the sewer treatment plant runs 24 hours a day and operations of the plant may produce noises and odors that may be objectionable to some residents. Expansion of the plat is also planned for future needs.*
- F. Present zoning and proposed zoning: *The current County zoning is RA-1 which is a one-acre zone. The planned zoning that midway has established is RA-1-43 which is also a one-acre zone.*
- G. A statement as to how the proposed area, and/or its potential land use will contribute to the achievement of the goals and policies of the Midway City General Plan and the Midway City Vision: *The developer has indicated he wants to keep a rural feel of development on the property characterized by open space and agriculture.*
- H. Assessed valuation of properties within the annexation area: *Please see the chart presented earlier in this report.*
- I. Potential demands for various municipal services and the need for land use regulation in the area, e.g. consideration of the distance from the existing utility lines, special requirements for sensitive land review and fire protection in wildfire or wild land areas, location within hazardous soils area, and feasibility of snow removal from public streets: *If the property is annexed the City will be required to*

*provide services to the area. Office staff in the various City departments will spend time working on the development and with the residents in the annexed area. This includes land use applications, building permits, and utility payments. Also, the City will remove snow from any public streets and will maintain the roads and water lines in the area. These services cost the City money and though property taxes from the new residents will help offset that cost the City will need to have some commercial development and the sales taxes collected from the sales generated to help offset those new costs. That is assuming that the new growth will help increase sales in Midway by increasing activity in the current Midway stores or will help new businesses establish in Midway. It is unknown what the impact of the new homes will have but we do know the City's cost will increase because of the new growth. The City does have water lines in the immediate area of the annexation and other utilities are located nearby.*

- J. The effect the annexation will have upon City boundaries and whether the annexation will ultimately create potential for future islands, undesirable boundaries, and difficult service areas: *The annexation will increase the City's boundaries. The proposed annexation will not create and unincorporated island or peninsula as defined by State law. The annexation also will not produce any areas that are difficult to service.*
- K. A proposed timetable for extending municipal services to the area and recommendation on how the cost thereof will be paid: *City services are up to the boundary of the annexation. The developer will need to build the infrastructure within the annexation area for the development so the City will incur no development cost, only maintenance cost, once that infrastructure is approved by the City.*
- L. Comparison of potential revenue from the annexed properties with the cost of providing services thereto: *It appears the development will be a relatively expensive development that may include some second homes. Generally residential development does not pay enough in taxes to cover the cost of the services provided by the City. In very general terms, and as described in the City's General Plan, for every dollar the City collects from a residence the City pays \$1.16 to provide services. Therefore, commercial growth is important for the City which helps offset this unbalanced revenue versus cost. Most likely the City will not generate revenue from this proposal, but the City does gain the ability to control land use to assure the goals of the General Plan are met.*
- M. An estimate of the tax consequences and other potential economic impacts to residents of the area to be annexed: *There are currently no residents in the annexation area.*

- N. Recommendations or comments of other local government jurisdictions regarding the annexation proposal and the potential impact of the annexation on the general county economic needs, goals, or objectives: *No government jurisdiction or agency has objected to the proposed annexation. The City held a review meeting and invited all potentially impacted jurisdictions, agencies and utilities and no major concerns were identified in that meeting.*
- O. Location and description of any historic or cultural resources: *None have been identified*

#### Additional Items of consideration

- The City gains control over zoning once an area is annexed. This helps the city assure that uses on the property will be in harmony with the General Plan. If the City does not annex a parcel, then the owners may develop in the County using the County's land use code.
- The most recent applicants for annexation to Midway have contributed to the parks fund. The petitioner has agreed to pay \$900 per lot (\$4,500 total) as an annexation park fee.

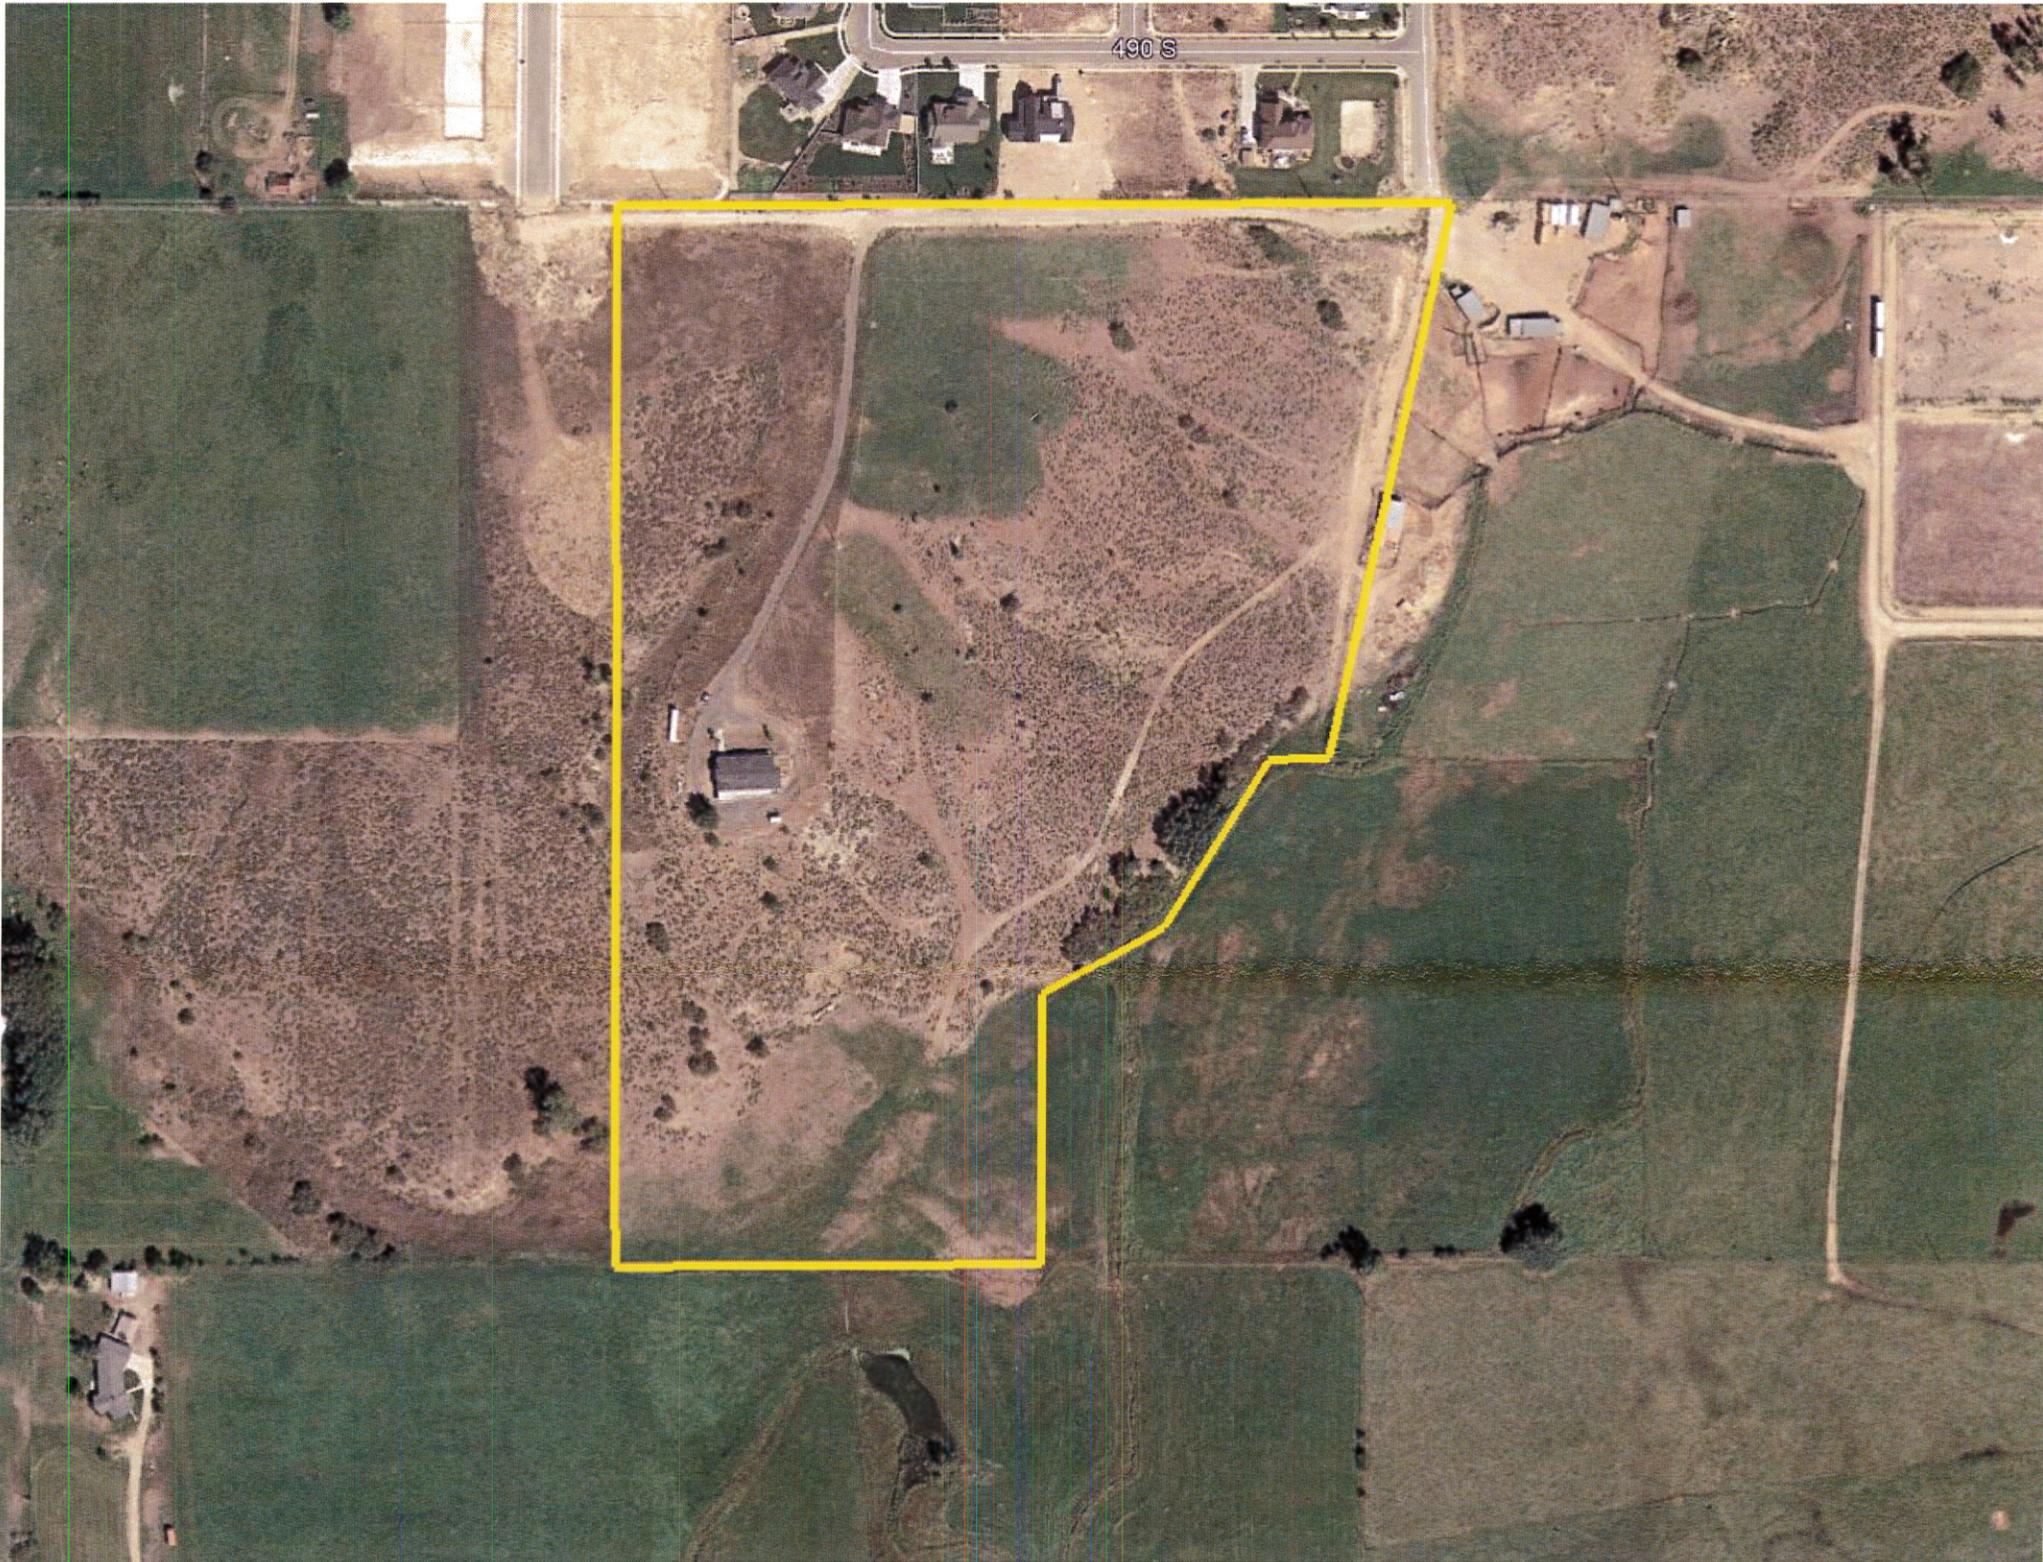

#### **POSSIBLE FINDINGS:**

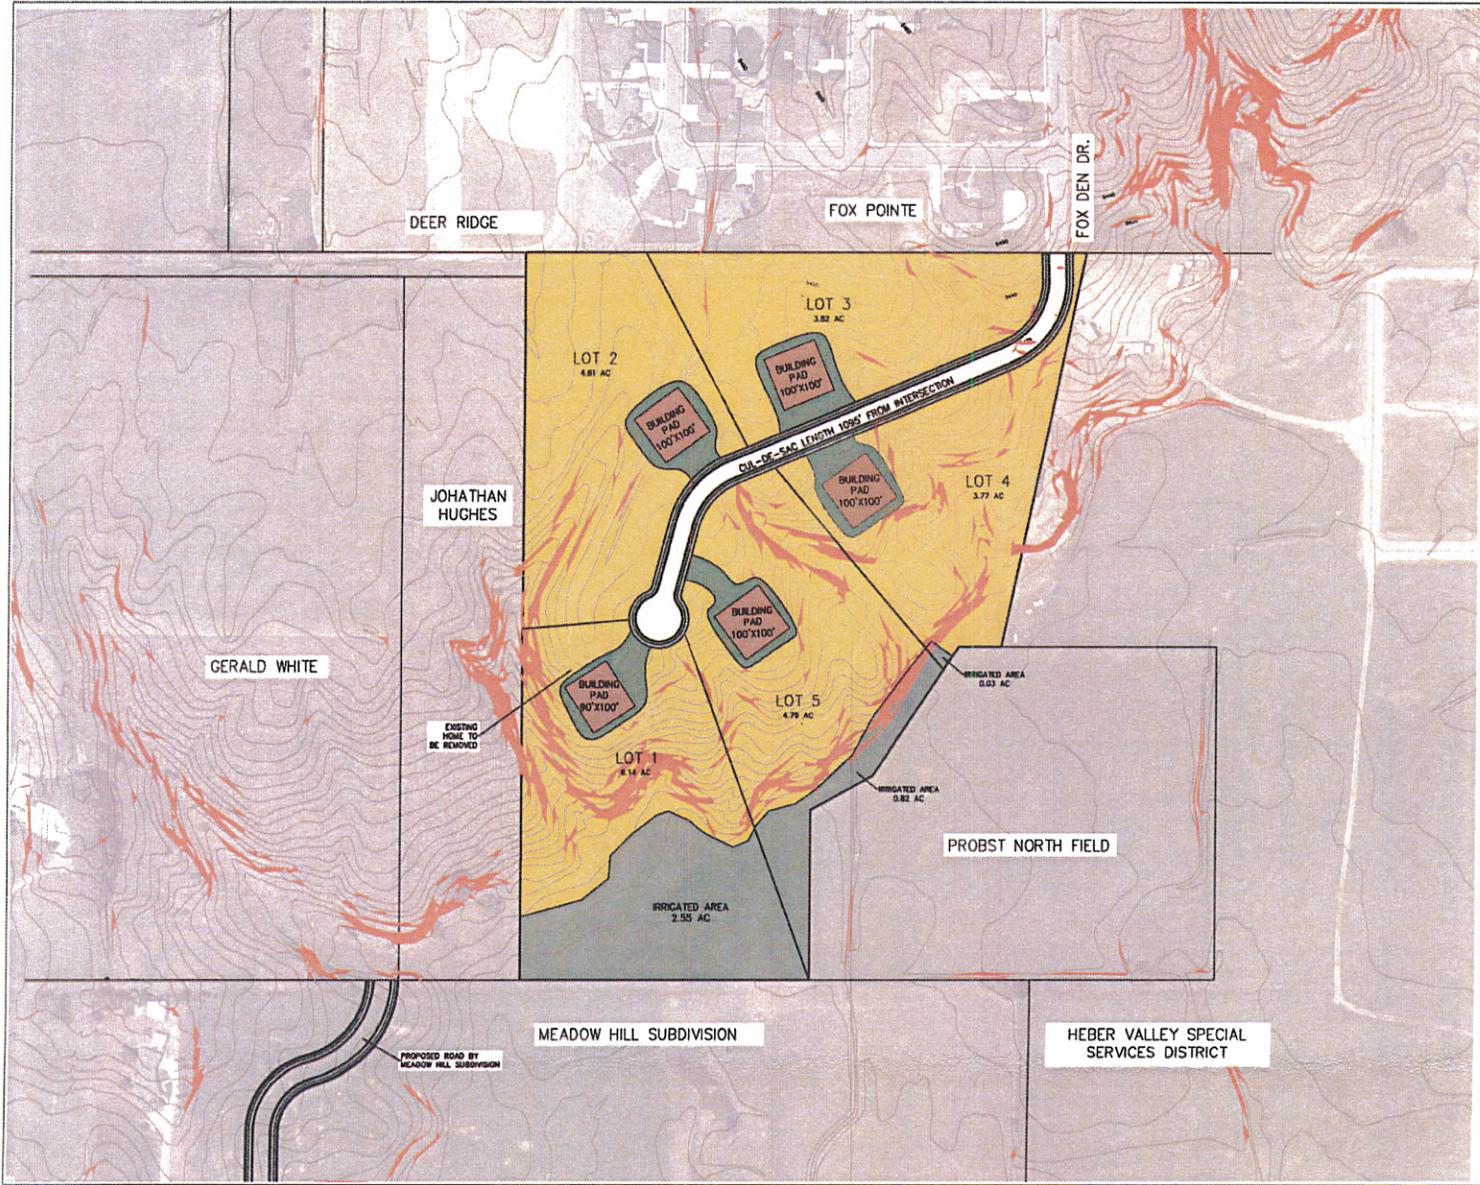

- The City will gain control over land use and zoning if the area is annexed.
- The proposal is a legislative action.
- The proposal will increase density and traffic to the area.
- The density of the project is low at five dwellings on 24 acres. This will help promote the vision of the general plan to preserve open space and a rural atmosphere.

#### **ALTERNATIVE ACTIONS:**

1. Approval. This action can be taken if the City Council finds that the annexation is in the best interest of the community.
  - a. Accept staff report
  - b. List accepted findings
  - c. Place condition(s)

2. Continuance. This action can be taken if the City Council finds there are unresolved issues.
  - a. Accept staff report
  - b. List accepted findings
  - c. Reasons for continuance
    - i. Unresolved issues that must be addressed
  - d. Date when the item will be heard again
  
3. Denial. This action can be taken if the City Council finds that the request is not in the best interest of the community.
  - a. Accept staff report
  - b. List accepted findings
  - c. Reasons for denial

- ii. **Conditions for Culinary Water Service.** The City agrees to provide culinary water service to the Property, subject to the following requirements:
  - a) The Developer shall extend at its own expense the culinary water line from Fox Den Road to Developer’s Property, including a water meter for each lot on the Property and fire hydrants in a number and location as required by current code. The Developer shall submit all plans to extend the line to the City engineer for approval before starting construction.
  - b) The size, type, and location of the culinary water meter shall be determined and approved by the City Engineer before installation.
  - c) The Developer agrees that for so long as the Property remains in the unincorporated area of the County, the Property owner shall be charged 1 ½ times the rate that Midway residents pay for culinary service.

- g) The Project plat shall include the following notations or dedications:
1. A restriction noting that irrigation water sufficient for solely a ¼ acre of irrigation around the homes was deeded to the City, that this constitutes a restriction on the amount of irrigated landscaping the homeowner can install, and that the homeowner understands the bulk of the lot must remain in its natural condition without irrigation water.
  2. A note requiring the lot owner to comply with all weed control ordinances of Midway City in regards to the unirrigated portion of their lot.
  3. A note that states the following: "NOTICE TO PROPERTY PURCHASERS: Be advised that this subdivision is adjacent to the Heber Valley Special Service District Wastewater Treatment Facility. The Wastewater Treatment Plan often operates twenty-four (24) hours a day. The operations of the facility may produce noises and odors that may be objectionable to some residents. Expansion of the facilities is planned on District property for future sanitary wastewater treatment."
  4. A public trail easement, at a minimum of 10 feet wide, that runs from the north boundary of the property to the southwest corner of the property. The specific location of the easement shall be addressed during the plat approval process. The trail shall be a 4' wide road base back country trail across the Pelo. Developer shall provide a check that will be deposited into the City's trails general fund to cover the cost of the trail in an amount determined by the City Engineer. The trail may be installed by the City at its sole discretion.

**B. Obligations of the City:**

- ii. **Conditions of Approval:** The City agrees that it shall provide culinary water service to the Property subject to the conditions detailed in this Agreement.
- iii. **Acceptance of Improvements:** The City agrees to accept all Project improvements constructed by the Developer, or the Developer's contractors, subcontractors, agents or employees, provided that 1) the Midway City Planning and Engineering Departments review and approve the plans for any Project improvements prior to construction; 2) the Developer permits Midway City Planning and Engineering representatives to inspect upon request any and all of said Project improvements during the course of construction; 3) the Project improvements are inspected by a licensed engineer who certifies that the Project improvements have been constructed in accordance with the approved plans and specifications; 4) the Developer has warranted the Project improvements as required by the Midway City Planning and Engineering Departments; and 5) the Project improvements pass a final inspection by the Midway City Planning and Engineering Departments.

**Section 4. Vested Rights and Applicable Law.**

- A. **Applicable Law.** The rules, regulations, official policies, standards and specifications applicable to the development of the Property (the "Applicable Law") shall be in accordance with those set forth in this Agreement, and those rules, regulations, official policies, standards and specifications, including City Ordinances and Resolutions, in force and effect on the date the City Council granted preliminary approval to the Developer for the Project. The Developer expressly acknowledges and agrees that nothing in this Agreement shall be deemed to relieve the Developer

from the obligation to comply with all applicable requirements of the City necessary for approval and recordation of subdivision plats, including the payment of fees and compliance with all other applicable Ordinances, Resolutions, regulations, policies and procedures of the City.

- B. State and Federal Law. Notwithstanding any other provision of this Agreement, this Agreement shall not preclude the application of changes in laws, regulations, plans or policies, to the extent that such changes are specifically mandated and required by changes in State or Federal laws or regulations (“Changes in the Law”) applicable to the Property. In the event the Changes in the Law prevent or preclude compliance with one or more of the provisions of this Agreement, such provisions of the Agreement shall be modified or suspended, or performance thereof delayed, as may be necessary, to comply with the Changes in the Law.

**Section 5. Amendment.** Unless otherwise stated in this Agreement, the Parties may amend this Agreement from time to time, in whole or in part, by mutual written consent. No amendment or modification to this Agreement shall require the consent or approval of any person or entity having any interest in any specific lot, unit or other portion of the Project. Each person or entity (other than the City and the Developer) that holds any beneficial, equitable, or other interests or encumbrances in all or any portion of the Project at any time hereby automatically, and without the need for any further documentation or consent, subjects and subordinates such interests and encumbrances to this Agreement and all amendments thereof that otherwise comply with this Section 5. Each such person or entity agrees to provide written evidence of that subjection and subordination within fifteen (15) days following a written request for the same from, and in a form reasonably satisfactory to, the City and/or the Developer.

**Section 6. Cooperation and Implementation.**

- A. Processing of Subsequent Approvals. Upon submission by the Developer of all appropriate applications and processing fees for any Subsequent Approval to be granted by the City, the City shall promptly and diligently commence and complete all steps necessary to act on the Subsequent Approval application including, without limitation, 1) the notice and holding of all required public hearings, and 2) the granting of the Subsequent Approval as set forth herein.

The City’s obligations under this Section 6 are conditioned on the Developer’s provision to the City, in a timely manner, of all documents, applications, plans and other information necessary for the City to meet such obligations. It is the express intent of the Developer and the City to cooperate and work diligently and in good faith to obtain any and all Subsequent Approvals. The City may deny an application for a Subsequent Approval by the Developer only if the application is incomplete, does not comply with existing law, or violates a City Ordinance or Resolution. If the

City denies an application for a Subsequent Approval by the Developer, the City must specify the modifications required to obtain such approval.

**B. Other Governmental Permits.**

1. The Developer shall apply for such other permits and approvals as may be required by other governmental or quasi-governmental agencies in connection with the development of, or the provision of services to the Project.
2. The City shall cooperate with the Developer in its efforts to obtain such permits and approvals, provided that such cooperation complies with Section 4.B of this Agreement. However, the City shall not be required by this Agreement to join, or become a party to any manner of litigation or administrative proceeding instituted to obtain a permit or approval from, or otherwise involving any other governmental or quasi-governmental agency.

**Section 7. Default and Termination.**

**A. General Provisions.**

1. Defaults by Developer. Any failure by either Party to perform any term or provision of this Agreement, which failure continues uncured for a period of thirty (30) days following written notice of such failure from the other Party, unless such period is extended by written mutual agreement, shall constitute a default under this Agreement. Any notice given pursuant to the preceding sentence shall specify the nature of the alleged failure and, where appropriate, the manner in which said failure may be satisfactorily cured. If the nature of the alleged failure is such that it cannot reasonably be cured within such thirty (30) day time period, then the commencement of the cure within such time period, and the diligent prosecution to completion of the cure thereafter, shall be deemed to be a cure within such thirty (30) day period. Upon the occurrence of an uncured default under this Agreement, the non-defaulting Party may institute legal proceedings to enforce the terms of this Agreement or, in the event of a material default, terminate this Agreement. If the default is cured, then no default shall exist and the noticing Party shall take no further action.
2. Termination. If the City elects to consider terminating this Agreement due to a material default of the Developer, then the City shall give to the Developer a written notice of intent to terminate this Agreement and the matter shall be scheduled for consideration and review by the City Council at a duly notice public meeting. The Developer shall have the right to offer written and oral evidence prior to or at the time of said public meeting. If the City Council determines that a material default has occurred and is continuing and elects to terminate this

Agreement, the City Council shall send written notice of termination of this Agreement to the Developer by certified mail and this Agreement shall thereby be terminated thirty (30) days thereafter. In addition, the City may thereafter pursue any and all remedies at law or equity. By presenting evidence at such public meeting, the Developer does not waive any and all remedies available to the Developer at law or in equity.

3. Review by the City. The City may, at any time and in its sole discretion, request that the Developer demonstrate that the Developer is in full compliance with the terms and conditions of this Agreement. The Developer shall provide any and all information reasonably requested by the City within thirty (30) days of the request, or at a later date as agreed between the Parties.
  4. Determination of Non-Compliance. If the City Council finds and determines that the Developer has not complied with the terms of this Agreement, and non-compliance may amount to a default if not cured, then the City may deliver a Default Notice pursuant to section 7.A of this Agreement. If the default is not cured in a timely manner by the Developer, the City may terminate this agreement as provided in Section 7 of this Agreement as provided under Applicable Law.
- B. Default by the City. In the event the City defaults under the terms of this Agreement, the Developer shall have all rights and remedies provided in Section 7 of this Agreement, and as provided under Applicable Law.
- C. Enforced Delay; Extension of Time of Performance. Notwithstanding anything to the contrary contained herein, neither Party shall be deemed to be in default where delays in performance or failures to perform are due to, and a necessary outcome of, war, insurrection, strikes or other labor disturbances, walk-outs, riots, floods, earthquakes, fires, casualties, acts of God, restrictions imposed or mandated by other governmental entities, enactment of conflicting state or federal laws or regulations, new or supplemental environmental regulations, or similar basis for excused performance which is not within the reasonable control of the Party to be excused. Upon the request of either Party hereto, an extension of time for such cause shall be granted in writing for the period of the enforced delay, or longer as may be mutually agreed upon.

#### **Section 8. Notice of Compliance.**

- A. Timing and Content. Within fifteen (15) days following any written request which the Developer may make from time to time, and to the extent that it is true, the City shall execute and deliver to the Developer a written "Notice of Compliance," in recordable form, duly executed and acknowledged by the City, certifying that 1) this Agreement is unmodified and in full force and effect, or if there have been

modifications hereto, that this Agreement is in full force and effect as modified and stating the date and nature of such modification; 2) there are no current uncured defaults under this Agreement or specifying the dates and nature of any such default; and 3) any other reasonable information requested by the Developer. The Developer shall be permitted to record the Notice of Compliance.

- B. Failure to Deliver. Failure to deliver a Notice of Compliance, or a written refusal to deliver a Notice of Compliance if the Developer is not in compliance, within the time set forth in Section 8.A shall constitute a presumption that as of fifteen (15) days from the date of the Developer's written request: 1) this Agreement was in full force and effect without modification except as represented by the Developer; and 2) there were no uncured defaults in the performance of the Developer. Nothing in this Section, however, shall preclude the City from conducting a review under Section 7, or issuing a notice of default, notice of intent to terminate or notice of termination under Section 7 for defaults which commence prior to the presumption created under this Section 8, and which have continued uncured.

**Section 9. Change in Developer, Assignment, Transfer and Required Notice.** The rights of the Developer under this Agreement may be transferred or assigned, in whole or in part, with the written consent of the City, which shall not be unreasonably withheld. The Developer shall give notice to the City of any proposed transfer or assignment at least thirty (30) days prior to the proposed date of the transfer or assignment.

**Section 10. Miscellaneous Terms.**

- A. Incorporation of Recitals and Introductory Paragraph. The Recitals contained in this Agreement, and the introductory paragraph preceding the Recitals, are hereby incorporated into this Agreement as if fully set forth herein.
- B. Severability. If any term or provision of this Agreement, or the application of any term or provision of this Agreement to a particular situation, is held by a court of competent jurisdiction to be invalid, void or unenforceable, the remaining terms and provisions of this Agreement, or the application of this Agreement to other situations, shall continue in full force and effect unless amended or modified by mutual written consent of the Parties. Notwithstanding the foregoing, if any material provision of this Agreement, or the application of such provision to a particular situation, is held to be invalid, void or unenforceable by the final order of a court of competent jurisdiction, either Party to this Agreement may, in its sole and absolute discretion, terminate this Agreement by providing written notice of such termination to the other Party.
- C. Other Necessary Acts. Each Party shall execute and deliver to the other Party any further instruments and documents as may be reasonably necessary to carry out the

objectives and intent of this Agreement, the Conditions of Current Approvals, and Subsequent Approvals and to provide and secure to the other Party the full and complete enjoyment of its rights and privileges hereunder.

- D. Other Miscellaneous Terms. The singular shall be made plural; the masculine gender shall include the feminine; “shall” is mandatory; “may” is permissive.
- E. Covenants Running With the Land and Manner of Enforcement. The provisions of this Agreement shall constitute real covenants, contract and property rights and equitable servitudes, which shall run with all of the land subject to this Agreement. The burdens and benefits of this Agreement shall bind and inure to the benefit of each of the Parties, and to their respective successors, heirs, assigns and transferees. The City may, but is not required to, perform any obligation of the Developer that the Developer fails adequately to perform. Any cost incurred by the City to perform or secure performance of the provisions of this Agreement shall constitute a valid lien on the Property. The parties agree that this Agreement shall be filed with the County Recorder and be binding on title of the Property.
- F. Waiver. No action taken by any Party shall be deemed to constitute a waiver of compliance by such Party with respect to any representation, warranty, or condition contained in this Agreement.
