

Bob Probst would like to be one of your Midway City Councilman.

I am a lifetime native of Midway City. The community of Midway is more than just a place my family and I have lived, it is a place that we have called home for five generations. As Wasatch County and Midway continue to grow, I know the importance of listening to the communities needs and being a voice for my friends and neighbors.

Working hard, giving back and believing in the community have always been a priority in the Probst family. My father Eugene (Gene) Probst was the Mayor of Midway for twelve years and my brother Bill was the Mayor for four years. I hope to continue my families work in the local government by becoming a city council member and serving my neighbors and city.

I am the husband of Jolyn (Stephens) Probst, also a lifelong resident of Wasatch County. Jolyn and I are the parents of three children Crystal, Preston, and Brady. We are proud grandparents of ten grandchildren.

My entrepreneurial spirit and hard work ethic have made me a successful business owner of Probst Tile and Stone for 25 years. I have the knowledge of working within a budget and know the value of a dollar. I currently employ six full-time local residents from Wasatch County.

I am also a 26-year volunteer Firefighter for Wasatch County and the Treasurer for the Soil and Water Conservation Board for the past 8 years.

I would appreciate your support by mailing in your ballot or going to the polls at Wasatch County Administration Building on NOVEMBER 3rd from 7:00 am to 8:00 pm.
