Mayor's Message

*By Celeste Johnson
Midway City Mayor*

Mayor Johnson standing in what will soon be the Michie Lane Park

Is there anything more beautiful than summer in Midway? Our charming town really comes to life with all the sunshine and visitors. With the good weather comes a window of opportunity to get things done!

Here's a few things you may want to be aware of.

Valais Park Repairs – Fast growing, shallow rooted trees were planted by the developer to provide shade and beauty to the park. But in the last few years, the roots have caused damage to the trails and courts and several of these trees have blown down which is a big safety concern. As we remove the trees and level the berms, new trees will be planted, further away from the courts. This will protect the courts in the future from drainage issues and root damage. The basketball and tennis courts will be repaired as part of this project. The volleyball court has been cleaned out, loaded up with new sand, the poles straightened, and a new net installed. The entire project is slated to be finished by Nov. 1st.

Hamlet Park – Hamlet Park is getting new sprinkler lines. You have probably noticed the great work our Public Works crew has been doing over there. These new lines will provide for better water flow and distribution keeping this popular park green and beautiful.

Michie Lane Park – The Parks and Trails committee was very excited with the turnout at their public meeting, on site, June 19th. Many families came out to let committee members know what they would like to have at the park. The sledding hill was a clear favorite! All the suggestions are being considered and work on this park will start in August.

Open Space Bond – The Open Space Committee has worked tirelessly to educate the public about what an Open Space Bond is, how it works and how it could be used. As this issue moves closer to being on the ballot in Nov. I encourage the public to learn more about how an Open Space Bond works. Any member of the Open Space Committee can answer your questions. Their information is on the City's website.

\$150,000 Trail Grant Awarded – A huge thank you goes out to Nancy O'Toole who is a member of the Planning Commission and the Parks and Trails committee. She volunteered over 40 hours of time to write a grant requesting \$150,000 from the Utah Office of Outdoor Recreation to be matched by Midway. These funds will enable us to complete a trail system by adding a section from 350 South to 970 South on Center Street and from Cari Lane to Warm Springs Rd. Grant money is highly sought after and winning this grant is in large part thanks to Nancy's skill and tenacity!

Survey's in Midway have consistently shown that the top priorities in this community are our trails, parks and open space. The work being done this summer is in all three of these areas!

Small Town Fourth

This year's Small Town Fourth will continue the tradition of "The Great Midway Boom" when the canon on Memorial Hill is shot at 6:00am serving as our Independence Day wake-up call.

The sunrise program will start at 7:00am at the Midway Town Square; this event will feature a flag raising ceremony, performances by the Swiss Miss, Swiss Chorus and the Swiss Bell Ringers. The City will recognize Tom and Linda Whitaker as this years' honored citizens.

After the program, enjoy a homemade pancake breakfast in the Town Square Pavilion hosted by the Boosters; including pancakes, ham, scrambled eggs and chocolate milk or orange juice.

There are activities and events happening throughout the day on Town Square. For more information, and to see a brochure with the schedule of events for the day, visit our website at www.midwaycityut.org.

And to end another fabulous fourth, there will be Fireworks over Memorial Hill at 10:00pm. Some fan favorite spots to watch from are Hamlet Park, Valais Park, Town Square, and most folks back yards!

Our thanks go out to the Boosters for their continued energy and volunteerism, making Midway one of the greatest Small Towns to live in!
