Dear Mr. Corroon:

This letter is in regard to the May 15, 1997 wetland delineation report prepared by Basin Hydrology, Inc. for lot 5 in the Swiss Paradise subdivision. This lot is located in Section 35, Township 3 South, Range 4 East in Midway, Wasatch County, Utah (see enclosure 1).

We have reviewed Basin Hydrology's delineation in accordance with Section 404 of the Clean Water Act, under which the U.S. Army Corps of Engineers regulates the discharge of dredged and fill material and excavation in waters of the United States, including wetlands. Based on the information in the report and a July 23, 1997 site inspection by Michele Waltz of this office, we concur with the findings of the report. Lot 5 consists entirely of wetland. As documentation of our approval of this wetland delineation, enclosed (enclosure 2) is a copy of the wetland map submitted with the report, with the location of the wetlands marked. This wetland mapping is valid until July 25, 2002. A Department of the Army permit would be required to place fill in these wetlands.

If you have any questions regarding the map or our permit process, please feel free to contact (b) (6) at our Utah Regulatory Office, 1403 South, 600 West, Suite A, Bountiful, Utah 84010 or telephone (801) 295-8380, extension 16.

Sincerely,
