Dear Mr. Berg:

We are responding to your April 9, 2012 request for a Department of the Army permit for the Carl Berg Single Family Residence. This approximately 0.04-acre project involves activities, including discharges of dredged or fill material, in waters of the United States to construct a driveway to access a single family home. As shown on the enclosed figure, the project is located at 300 North 233 East in Section 35, Township 3 South, Range 4 East, Salt Lake Meridian, Latitude 40.5178°, Longitude -111.4671°, Heber, Wasatch County, Utah (Enclosure 1).

Based on the information you provided, the proposed activity, which will result in the permanent loss of approximately 0.04-acre of wetlands, is authorized by Nationwide Permit Number 29. Your work must comply with the general terms and conditions listed on the enclosed Nationwide Permit 29 information sheets (Enclosure 2), our Utah regional conditions (Enclosure 3), and the following special conditions:

Special Conditions

1. Your work shall comply with all terms and condition of the attached April 16, 2012 State of Utah Section 401 Water Quality Certification (Enclosure 4).
2. You must sign the enclosed Compliance Certification and return it to this office within 30 days after completion of the authorized work (Enclosure 5).

This verification is valid for two years from the date of this letter or until the Nationwide Permit is modified, reissued, or revoked, whichever comes first. Failure to comply with the General and Regional Conditions of this Nationwide Permit, or the project-specific Special Conditions of this authorization, may result in the suspension or revocation of your authorization.
