February 22, 2010

Dear Bishop Remund,

Spring is approaching, although some days it is hard to tell. With this season thoughts turn to sprucing up after the long winter. The Wasatch County Public Works department will again provide a three punch pass for three free dumps at the Wasatch County Transfer Station on their April residential billing which will be good April through June of this year.

As a City we encourage cleaning up after the winter, both public and private properties. The City has come to rely on its residents to help with the City Spring Clean Up each year. Traditionally we have divided up the city according to ward boundaries and asked the ward members and other residents to participate. We would like to do so again.

We will be asking people to meet at various locations and work from 8am to 11am on Saturday, May 8. Volunteers are to bring whatever tools they will need, i.e. rakes, shovels, gloves, etc. At eleven we will meet back at the Town Square where a lunch will be provided.

We are not ready to make specific assignments but the cemetery and parks are always designated projects. More planning will follow and I will keep you abreast of what is happening.

We always encourage youth service projects i.e. Eagle projects, YM/YW service projects anytime during the year. Please contact Council Member Colleen Bonner for guidance. There is always much to do and we appreciate all the hours donated to help spruce up Midway.

I will be getting back to you with specific assignments but wanted to give you a chance to put this on your calendar and alert your auxiliaries. Many thanks for your continued support of Midway City.

Sincerely,

A handwritten signature in cursive script that reads "Connie Tatton".

Connie Tatton
Mayor
