The Annexation Property shall be subject to the terms and conditions of this Agreement as well as the annexation laws and other Ordinances, Resolutions or laws of the City of Midway and the State of Utah. It is further agreed that this Annexation Property meets all the requirements for annexation, including but not limited to the following:

- A. Contiguity: The Annexation Property is contiguous to the existing boundaries of the City, as shown on Exhibit “B”, attached hereto and incorporated herein by this reference.
- B. Within Declaration Area: The Annexation Property is within the area identified by the City in its Annexation Policy Declaration Statement for possible annexation into the City.

- D. No Pending Incorporation: There are no pending annexation petitions to incorporate any of the Annexation Property into any other municipality.
- E. No Unincorporated Islands: The annexation of the Annexation Property will not create or leave any islands of unincorporated property requiring municipal type services.
- F. Not Solely for Revenue Purposes: The proposed annexation is not being pursued by the City solely for the purpose of gaining revenues or to gain a jurisdictional advantage over another municipality or to restrict annexation by some other municipality.
- G. Services Available: The City intends to provide the same level of municipal services within the Annexation Property as it provides in all other areas within its boundaries, except as otherwise provided for in this Agreement.
- H. Petition: The Petition for Annexation was properly signed by the requisite number of landowners of the land area within the proposed Annexation Property
- I. No Fiscal Burden Created: The City has determined that annexation of this area will not create a fiscal burden on the City that will not be offset by the revenues expected to be generated by virtue of this annexation.
- J. Compatibility: The proposed annexation is a compatible land use within the community.
- K. Illegal Peninsulas: The proposed annexation does not create any illegal peninsulas of unincorporated property projecting into or out of the City.

7. General Character of Land to Be Annexed.

- A. Description of the Annexation Property. Applicant is petitioning for annexation of the Cascade View subdivision which would contain a maximum of four lots on 6.98 acres. The property is in the Midway Growth Boundary and located near Cascade Springs Road and Stringtown Road. The proposed zoning for the property is RA-1-43 (rural-agricultural 1 acre).
- B. The petition does comply with State Code that requires the owners of most of the land sign the petition and that the signers also own at least 1/3 of the taxable value of land in the annexation area.
- C. The Annexation Property consists of approximately 6.98 acres. It is currently zoned RA-1 by Wasatch County.

8. Conditions of Annexation.

- A. Zoning/Density: Unless otherwise provided for herein, the Annexation Property shall be annexed into the City of Midway and shall be zoned RA-1-43, with a stipulated maximum density of four lots on the annexed parcel.
- B. Water Rights: In accordance with standards set by Midway City, sufficient water to meet the culinary and irrigation needs of the development shall be deeded to Midway City prior to the plat being recorded.
- C. Culinary Water Service: The City agrees to provide culinary water service to the Property, subject to the following requirements:
 - i. The Developer shall extend at its own expense the culinary water line from the Cascades at Soldier Hollow to Developer's Property, including a water meter for each proposed lot and fire hydrants in a number and location as required by current code. The Developer shall submit all plans to extend the line to the City engineer for approval before starting construction.
 - ii. Construction and/or Dedication of Culinary Line: The Developer agrees to construct the Culinary Line as directed and approved by the City, in accordance with current City standards, and upon completion to dedicate the line to the City.

- iii. Construction Traffic: All construction traffic for the Culinary Line improvements will meet the requirements imposed by the Midway City Planning and Engineering Departments.
 - iv. Warrant: Consistent with City standards, the Developer will provide a one-year warranty for the operation of all improvements.
 - v. Bonding: Developer agrees to post performance and other bonds in amounts and types established by the City related to the performance of the Developer's construction obligations for installing the Culinary Line, pursuant to current City Ordinances and Regulations.
 - vi. The Developer shall remain bound by all legally adopted Ordinances, Resolutions and policies of the City involving culinary water service unless specifically agreed to otherwise herein.
 - vii. The size, type, and location of the culinary water meter shall be determined and approved by the City Engineer before installation.
- D. Irrigation Water Service: Midway Irrigation Company shall provide the secondary water service to the subdivision, subject to the terms of the Will Serve letter attached as Exhibit C.
- i. Meters: Meters that meet the specifications of Midway Irrigation Company shall be installed on all irrigation line connections within the subdivision at the time the infrastructure is installed.
- E. Costs: At the time of signing this Agreement Developer shall submit to Midway City an amount established by the City Planner sufficient to cover all expenses incurred by the City in reviewing the Project (i.e. engineering, legal, etc.). Developer agrees to pay all applicable Midway City fees incurred in installing the Culinary Water Line and other infrastructure, including all engineering and attorney fees and other outside consultant fees incurred by the City in relation to the Property. All fees shall be paid current prior to any culinary water service being provided.
- F. Inspection: Developer agrees to allow Midway City to inspect all infrastructure as it is installed and shall have a duty to provide timely notice to the Midway City engineer of needed inspections.

- G. Park Annexation Fee and Annexation Application Fee: The Park and Annexation Application fee is required to be paid by the Applicant within two weeks of the approval of this Annexation Agreement. Developer shall pay \$3,600.00 (\$900.00 per lot) to Midway City.
- H. Limitation on number of lots: The development that will occur on the Annexation parcel shall not exceed four lots. All lots will be deed restricted on both the plat and the deeds transferring the lot, prohibiting future subdivision.
- I. Access: *The access for the property will be from Cascade Springs Road. Cascade Springs Road was recently paved to Utah County, but access is still limited through the winter months. The proposal would front on a road that would access a proposed development in Wasatch County's jurisdiction to be called The Highlands at Soldier Hollow. The proposed 250-acre, 23 lot Highlands at Soldier Hollow is planned to have two full width access roads from Cascade Springs Road. There is also a third access to Wards Lane that would not be built to a full width standard because of the lack of property. The property owner to the north of Wards Lane would need to grant an easement for Wards Lane to be a full width road and it appears that an easement will not be granted. Therefore, the two main access points for The Highlands at Soldier Hollow will be from the same road, Cascade Springs Road, and for part of the year there will be only one access from Cascade Springs Road which will be to Stringtown Road. This will essentially leave the subdivision with only one full access road for part of the year. The City Code in Section 16.13.44 limits cul-de-sacs to 1,300 feet. If the cul-de-sac is measured from Stringtown Road to the proposed annexation area (this measurement could be considered because of the limited access of Cascade Springs Road for part of the year) then the length is about 3,500 feet. If the cul-de-sac is measured from Cascade Springs Road (this measurement could be considered if Cascade Springs Road is considered a through road or if Wards Lane, not built to a full width standard, is counted as a second access) to the proposed annexation then the length is only about 900' and within Midway standards for a one access road. Steff believes that if the property is annexed with only one access that complies with City standards then the City would be creating a new precedent that future annexations would also want to use.*
